

December 2006

CREEK AND EPOS COLLECT AWARDS IN LONDON

Both Creek and Epos products were the recipient of the much sought after the U.K. Hi-Fi Choice awards for 2006.

The Epos M12.2 speaker received a Bronze Award

Creek's Classic tuner received a Bronze Award

Creek's Destiny integrated stereo amplifier received a Bronze Award

The Hi-Fi Choice awards are not determined by price categories - simply by performance so it is an exceptional achievement for both the Creek and Epos brands to find themselves in the winners' circle.
